

Anupama C Y Aspiring Software Engineer/Full Stack Developer

Davangere, Karnataka, India | anupamayavaraj05@gmail.com | +91-9148187399 | LinkedIn

OBJECTIVE

Motivated software developer with hands-on experience in Java, Python, SQL, HTML, and CSS, and a strong interest in building responsive, user-friendly web applications. Eager to apply technical skills to real-world projects and grow as a developer.

SKILLS

Programming Languages: Java, C, Python, HTML, CSS, SQL, Machine Learning (ML), Artificial Intelligence (AI)

Developer Tools: Visual Studio Code (VS Code), Google Cloud Platform (GCP), Jupyter Notebook, Git, GitHub

Technology/Framework: Flask, FastAPI, RESTful APIs, Responsive Web Design, Database Management Systems (DBMS)

EDUCATION

Bachelor of Engineering in Computer Science

2022 – 2026

Jain Institute of Technology, Davangere, Karnataka

CGPA: 8.38 / 10.00

EXPERIENCE

Full Stack Web Development Intern | Tap Academy, Bengaluru

Jan 28, 2026 – Jul 2026

- **Tech Stacks used:** Java, JavaScript, HTML, CSS, JSP, MySQL
- Developed and deployed a full-stack fashion store application with responsive UI and RESTful APIs using MVC architecture.
- Built a responsive UI for desktop users and deployed the project on Railway: Live Demo.

PROJECTS

- **MediSlot Full-Stack Java Healthcare Application**

MediSlot is a full-stack Java healthcare app that connects patients with verified doctors for seamless appointment booking, real-time notifications, and secure data management..

- **Patient Monitoring System using ML**

Engineered a machine learning–based patient monitoring system to analyze real-time health data and detect anomalies, including sudden drops in vitals such as heart rate and oxygen levels..

- **Unspoken words now heard(voice-cloning)**

Developed an AI-powered voice cloning system that replicates natural human speech using minimal audio samples.

Certifications

- Artificial Intelligence (AL & ML) - Infosys Springboard
- Web Development Masterclass - Udemy

ACHIEVEMENTS

- Participated as one of the 100 finalist teams in the FOSS Hackathon, demonstrating teamwork and innovation.
- Awarded Best Team Project in a college-level competition, where our team received prize money for demonstrating innovation and collaboration.

EXTRACURRICULAR ACTIVITIES

- Volunteered as Event Coordinator for the Hackathon at Emerge 2K25, Jain Institute of Technology, managing event logistics, participant coordination, and schedule execution.
- Participated in multiple hackathons and competitive programming contests, enhancing problem-solving and collaboration skills.
